School of Medicine

Xiaojun Xu, Ph.D.

Associated Professor of State Key Laboratory of Natural Medicines,  
China Pharmaceutical University  
Nanjing 210008, P. R. China

October 12, 2017

Dear Dr. Xiaojun Xu:

As we discussed in the Cold Spring Harbor Asia meeting this year, I am pleased to let you know that the browning and beigeing induction process from primary adipocytes have been successfully established in my lab. Therefore, I cordially invite you to our laboratory from 6th Feb to 20th Feb, 2018, to discuss the potential future collaboration between us. During the stay in UCLA, you are welcome to present your recent data in drug discovery in metabolic diseases. Others group members in my lab and I would also like to discuss possible future collaborations of mutual benefit during your visit.

You will be financially responsible for your visit, including roundtrip international airfare, domestic airfare, hotel and meals.

I am sincerely looking forward to meeting you in person. Please do not hesitate to contact me if you have any further questions.

With best regards,

Xingxing Kong, MD, PhD,  
Assistant Professor  
Division of Pediatric Endocrinology  
Mattel Children's Hospital
